Description

Kirkpatrick Black Antique Iron Traditional Lever Latch Door Handles

Classic black antique lever latch door handle that will enhance and aid the look and operation of any wooden door.

Manufactured from malleable iron to combine elegance, quality and durability with classic traditional design.

These lever latch door handles can be used with both sashlock and deadlock applications.

Part number 2451NK

Kirkpatrick have been producing the highest quality malleable iron at its foundry in Walsall since 1855. The heritage and traditional skills and methods which have been passed down through the generations, combined with more modern technology, enable them to offer the largest range of Black Architectural Ironmongery available anywhere in the World.
