### Description

## Schuco 211876 RH Emergency Door Lock, Locking function B

Schuco 211876 door lock is now obsolete.

Replaced with [241827](#) and [241819](#). (non handed).

In addition you may also need to replace the shoot bolt rods. The correct rod is dependent upon the size of your door. Please find the correct options [here](#) or [here](#).

As this is an emergency lock it is important that both elements are changed to comply with fire regulations.
