Schuco 219882 lever flush bolt, for doors with add-on meeting rail profile. Lever bolt lock with hinged lever operation from the case front.

Face plate 24 x 285mm

Brushed stainless steel

20mm stroke

Connection thread M10

219882 is no longer available and has been replaced by [240717](#).

If using 240717 as a retro fit for 219882 the shootbolt rods ([227812](#)) may need changing as well, depending on how much bolt cover there is into the keeps.
