

Schuco 243029 Corner Drive

Price: £23.29

Ex VAT: £19.41

Description

Schuco 243029 Corner Drive

The 243029 replacement corner drive from Schuco is used with tilt and turn or turn and tilt aluminium windows.

IMPORTANT

It should be noted that the 243028 and 243029 are based on the same manufacturer's part and both show part number 243028 in the casting, which can cause confusion. But it is important to correctly identify the item that you have.

Please see attached identification sheet to help you clarify whether you need a 243028 or a 243029.

Please pay particular attention to the ends in the red circles and please note that the 243028 has an additional cross bar at this point also.

The parts in the blue rectangles are the plastic pieces that come with those specific parts and should also be noted.

Here you can find [243028](#)

This is an original Schuco part from our U.K. based stock.
We are an authorised Schuco distributor and can source and supply all available Schuco parts.
